

ASPIRE+PLUS Presents

# BUILDING A SUCCESSFUL REPUTATION WORKSHOP

Tuesday, September 10, 2024  
12:15 - 1:15pm @ Gullo I, G-111

In many cultures, people are given messages like “Go to school, get good grades, and you will get a good-paying job.” It takes more than good grades and getting a degree. Your reputation plays a huge role in reaching academic and career success. Working on your career goals doesn’t have to wait until after you’ve finished your studies. If you are an EVC student, your career has already started.

## WHAT WE’LL COVER

- Making a positive first impression in the classroom and on campus.
- How to build meaningful connections with the right people.
- The art of asking for references and/or writing letters of recommendations.
